THE TAFT R.O.T.C. BAND

A tribute to Taft is its fine R.O.T.C. band. This band, composed of boys in the R.O.T.C. who are interested in playing musical instruments, marches, not only for Cadets' Day Parade, but also for Federal Inspection. The virtuosity of the band wouldn't be upheld if it wasn't for the supervision and direction of Walter J. Freedman.
