*a 501(c)(3) Non-Profit Organization*

Taft Alumni committed to improving the quality of education for todays students and teachers through school environmental investments. Many of these improvements have been delayed or neglected for over 25 years and are not likely to be currently funded because of the education budget deficits at the Federal, State and Chicago Public School System levels. **If you feel you had a quality education from Taft and believe today's students and teachers deserve the same...**
