

## The Hospitality Room & Taft Museum/Library Displays

During the four days of Reunion Celebration a Hospitality Room gathering place was setup for classmates to reconnect, reflect, laugh, have fun & celebrate the theme of being "Together Again". This room also housed the "Taft Museum & Library".

The Taft Museum & Library was the brain child of Mary Allegretti-Kalesz of McKenna & Me Design in Lake Zurich, IL. Mary's vision was not to just lay memorabilia out on tables but create museum-like displays that would capture the times and experiences of times 1955 to 1959. Antiques, hoola-hoops, vintage posters, roller skates that saw a lot of time on the Hub Roller Rink hard wood floor, model cars of the 1950's and much more surrounded original Taft memorabilia from our high school years. In the center of the museum was a 30" LCD screen that continuously played the DVD "Taft the Movie" which all classmates received as part of the Memory Book. The "Taft Library" was loaded with hard copies of Taft photos and documents, and the tables were covered with over 100 different "Toss-Arounds", (Laminated photos & articles that were reproduced from the Taft Tribunes published during our high school years.)

Mary is not only a professional designer, but also the daughter of reunion committee member Fred Allegretti. On Christmas 2008 Fred received an unusual gift, a "Certificate for Reunion Design & Decorations" services. The "certificate services" were subsequently expanded to include event organization & coordination for the 50th Reunion Celebration. According to Mary these additional responsibilities were required so her father and other committee members could participate and enjoy their own Reunion Event and not have to just "work the event".

To say that Mary achieved her goal would be an understatement. The Hospitality Room gathering place and "Taft Museum & Library" was absolutely one of the elements that made our reunion so special. And Mary's objective to minimize reunion committee members need to "work the event", rather than enjoy and participate in the reunion was surely accomplished. Since all committee members reported having "the time of their life", and further agreed that, "... the almost three years of preparation that came to be known as our labor of love, was worth every minute of the time invested."

**So we all say . . .**

**THANK YOU MARY! For helping to make our 50th Reunion Celebration truly SPECIAL!!**

**We think YOU are SPECIAL TOO !!!**

**The next eight scrapbook pages illustrates the creativity, quality, effort & love Mary put into the "Taft Museum & Library"**

Note:

The "McKenna" in McKenna & Me Design is the name of Mary's 6 year old daughter and her mothers maiden name. She also has a 4 year old son David and resides in Lake Zurich, IL with her husband of ten years David Kalesz, an Allstate Agency business owner.

## Hospitality Room, Taft Museum & Library

*The room was filled by Taft memories from our high school days. In the center of the room were tables to sit, visit, talk, reunite & reconnect with classmates. Complementary drinks & snacks were available. The memorabilia table backdrops were designed to highlight key events & items that would quickly take your thoughts back to a simpler time filled with fun & fond memories. Tables were covered with laminated pictures, news articles & documents, which accelerated the recall process & served to stimulate classmate conversations. Special blue & silver, Mylar balloon clad Superdawg boxes were designed as table center pieces for the event. The back wall displayed a banner that said it all... "Taft High School - June 1959 - Together Again!"*
